DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 1-6, 9, 10 & 11 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: a step reciting mixing the selected perfume component and the surfactant system component in a manner to prepare a composition according to claim 1.

Claims 7 & 8 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. Claim 7 does not recite any steps for changing a fragrance note in a composition subsequent to dilution. The claim merely provides for selection of a perfume component. This does not allow one of skill in the art to change a fragrance note. Recommended steps might include: *"providing an initial fragrance composition; diluting said initial fragrance composition with a organic carrier; selecting an additional fragrance to be added to the mixture of initial fragrance composition and organic carrier such that it meets the requirements of having a PFI greater than 3; etc."* Claim 8 also has omitted method steps. The requisite steps are those that will allow one to accomplish the stated goal of the claim, to "introduce a fragrance to a composition subsequent to

dilution." The claim should include steps similar to those suggested for claim 7. Further clarification is required.

Response to Arguments

2. Applicant's arguments, see page 8, filed 3/1/2004, with respect to the obviousness-double patenting rejections have been fully considered and are persuasive. The obviousness-double patent rejections over copending applications 10/085,736 and 10/085,721 has been withdrawn.
3. Applicant's arguments filed 3/1/2004 have been fully considered but they are not persuasive. The 35 USC 112, 2nd paragraph rejections over the instant claims stand.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
